

YOU'RE INVITED TO THE 2019

FRANKFURT PARTNERSHIP WEEKEND

Frankfurt, Germany's population of 750,000 intersects naturally with the 5.6 million people of the region, which is made up of 200 nationalities from around the globe. All of this reflects God's hand as Frankfurt received a wave of refugees between 2012 and 2016, carrying in their souls an openness to Jesus—even those with Muslim backgrounds. The movement of refugees birthed what is now known as the Mosaik Miracle, a movement of like-minded churches and church plants that now influence Germany to reach refugees. Dr. Stephen Beck stands as the major influence behind this work.

Frankfurt plays a significant role in the EU as it is the home of the European Central Bank and many of the continent's businesses find their headquarters in the city. More importantly, Frankfurt holds a key position among the world's most globally connected cities as an important place of culture, education, commerce and transportation. The world intersects with Frankfurt daily.

The fact that more than 50% of Frankfurt's population has a non-German background as well as its influential role in the EU make it a primary city for Christ's Kingdom to permeate this region. For these reasons, GEM has sensed an invitation by God to significantly contribute to what He is doing in seeing a movement of His Spirit, taking church planting and disciple-multiplication throughout the city to the world. To that end, GEM desires to facilitate partnerships between North American churches and local Christian leaders in Frankfurt for God's purposes in His global plans.

As you can imagine, GEM is extremely excited to focus our discipleship and church planting efforts in Frankfurt. When you come to the city you will see new things being built everywhere and we want to do our part, by building what's most important—God's Kingdom. We are working to partner with the best churches and ministries to expand the Kingdom by launching discipleship multiplication movements in the city and beyond. We look forward to having you come to learn more about how you can partner with us as we invest in making disciples in one of the most influential and exciting cities in Europe.
